

AP CHEMISTRY SUMMER ASSIGNMENT

(consider this AP Chem Bootcamp....for some of you, it's been an entire year since you've thought Chemistry)

1. Pick up AP Chemistry book and send an email to jdepizzo@youngstowndiocese.org with the number of your text (on the left of the inside front cover) You may pick this up as soon as May 15.
2. Read Chapters 1-5 in the text. DO NOT ignore this!!!!!!!!!!
3. Memorize the solubility rules, polyatomic ions, and the rules for assigning oxidation state. DROP AP Chem NOW if you do not intend to memorize these or you intend to put it off until school starts!!!!!!!!!!!!
4. Log into the Canvas AP Chemistry class. You will get the code when you send your text # by email. Assignments will be posted 6/5, 6/19, 7/3, and 7/17. Complete them according to the directions on the Canvas site.
5. Summer assignments will count as your first test grade (100 points total) Assignments that are not completed by the due date will result in a 0.
6. Get yourself into the mindset of taking the AP exam NOW!! Your progress and your success will be greatly improved if your initial efforts are AP exam worthy!!!!!!!!!!!!!! ENJOY YOUR SUMMER AND COME IN AUGUST READY TO WORK!!!!
