

Honors Biology Summer Assignment
2023-2024 School Year
Ursuline High School - Miss Raab
sraab@youngstowndiocese.org

Part 1: EdPuzzle Assignment: EdPuzzles are videos you will be required to watch. You will also have to answer questions on the site as you move through the videos. DO YOUR BEST. You are able to rewind during the EdPuzzle to find the answers. The more time you spend making sure you have the correct answers, the better your grade for the assignment but you will only be able to complete each EdPuzzle once. To log on to the EdPuzzle site, you will need to go to EdPuzzle.com. In the top right corner of the site, select “sign up.” You will then “sign up as a student” by following the directions. MAKE SURE YOU USE YOUR FIRST AND LAST NAME WHEN CREATING YOUR ACCOUNT. If you use a nickname, I will not be able to give you credit for the work. You will be asked for a class code in order to get to the Honors Biology class, the code is: cukrezo. The EdPuzzles must be completed by the evening of August 16th. You will not need to submit anything to me in class, I will be able to view your progress through the EdPuzzle program.

Warning: the EdPuzzle program marks the answers to extended response questions (any question that isn't multiple choice or T/F) as incorrect until I've reviewed the answers and marked them correct. I will not be reviewing the answers until after the due date. Do not assume the grade given to you by EdPuzzle is accurate.

Part 2: You need to study these common science prefixes/suffixes. You will see these on a quiz at the start of the year (but not on the first or second day of class).

Word Part	Meaning	Word Part	Meaning
A or an	Without	Mono-	one
cyst	Pouch	Aero-	Air
Multi-	many	-cyte	Cell
Anti-	against	Mut-	To change
-derm	Skin	Arthr-	joint
