I am glad you have chosen to continue your study of Spanish into the AP III level. These summer assignments will not take too much time, but the work should be spread out throughout the summer rather than trying to cram everything into a few days. Students are required to abide by the honor code, what this means is that you are expected to complete the assignment on your own, without consulting native-speakers or abuse the use of a translator. Your work should represent what you are capable of doing using as resources your knowledge, grammar books, and notes from previous study. TRANSLATION DEVICES: May be used as resources to translate words, not entire paragraphs (FOR SUMMER WORK ONLY) but are not to be abused. Entering entire text into a translator and expecting a true representation in Spanish of a desired rendering is a very dangerous election. Translators, while they are capable of producing a measure of accuracy, may not offer an accurate translation. Please be careful and prudent in your use of a translator!

GENERAL INSTRUCTIONS: Please do the activities completely and to the best of your ability.
